

# GONDO AJI WIBOWO

IT SUPPORT & SYSTEM

## PROFILE

My name is Aji, I like to learn new things about technology especially in the field of IT Hardware and Software Engineers. Right now I'm happy to learn about one of Laravel's Web Programming Framework. The thing I want most is to implement the theory into programming code. Because for me, the easiest thing to understand a theory is to practice and implement it directly.

## CONTACT

Jl Patih Nambi No 40, Ubung Kaja, Denpasar Utara
